

## Kansas Concealed Carry Handgun License

**Weekend 1-day classes begin at 8:00 a.m. (Check-In begins at 7:30)**

**Weeknight 2-day classes begin at 5:00 p.m.**

**Cost for 8 hour class: \$75.00**

- No firearms experience required. Beginners are welcome.
- Introduction to safe gun handling, shooting safety, and firearms maintenance.
- Opportunity to learn hands on about various types of handguns and operation.
- Introduction to various types of ammunition and uses.
- Legal issues and use of deadly force including: police interaction, aftermath, in the home and outside the home scenarios will be covered in the classroom portion.

Range qualification requires 5 shots one handed at 3 yards, 10 shots two handed at 7 yards, and 10 shots two handed at 10 yards. 18 hits total required. If student fails the range qualification they can re-qualify. We will provide additional gun training as required to qualify. We understand some students will have little or no experience with handguns.

A 22cal pistol will be available for students who don't have a handgun. 22cal ammo is included.

If you have your own gun and ammo you should bring it. We will help you learn to shoot it if necessary. Some small concealable handguns are difficult to shoot but far better to carry. If you have one bring it and try it. You can always qualify with one of our guns if necessary. We highly recommend you get acquainted with your own gun if you already own one, or try one of ours before you purchase a new one.

No children, pets, guests, or family members, are allowed during the class. Students only.

The rules are very strict and complicated as to who can legally handle a firearm. If there is a felony of any kind or any domestic misdemeanors in your past please contact me ahead of time to discuss. There is also information available at the Kansas Attorney General's web site: [www.ksag.org](http://www.ksag.org).

### **What to bring:**

Kansas driver's license or ID card (your KDL number will be your CCH license number) Must be 21

Guns and ammo if available

Hearing and eye protection if available

Beverages if you wish (no alcohol) We will provide bottled water and snacks

Classroom and range are located on private property near Augusta Airport. Address and directions will be provided prior to class date.
