

NRA Personal Protection in the Home

8 Hours

Classes start at 8:00 AM

Cost for class: \$100.00

- Any pistol can be used for this class. It is recommended that student learn with 9mm or larger. Student will need a minimum of 100 rounds of ammunition.
- Student will learn basic defensive shooting skills and strategies for home defense.
- How to select a handgun for self-defense.
- Provides information on the law abiding individual's right to self-defense.
- Classroom portion will discuss home layout, safe areas, cover and concealment, and common sense preparation for home defense.
- Shooting will be from various positions (standing, kneeling, behind cover, etc.).

All training and shooting is taught on private property (near Augusta airport) away from any other distractions. Classes are small with no other shooters present.

Safety Is The Number One Concern

All training places emphasis on safety first.

Basic handgun knowledge is essential before attempting this class. NRA Basic Pistol training is a prerequisite for this class.

If you have a gun and ammo available bring it to the class and we will help you learn how to shoot it. We will have a 22 pistol with ammo available if you don't yet have a gun.

If you are thinking about purchasing a gun we will give you the opportunity to try out various guns and evaluate the advantages and disadvantages of various guns and purposes before you buy.

What to bring: Guns and ammo (if available), eye and ear protection (if available), beverages if you wish (no alcohol), and clothing for the weather conditions. Shooting will be outdoors.

Please call if you have any questions. 316-651-7877 - Greg Rupp
